

PowerScan™

Industrial Bar Code Scanner

Ideal For:

- Warehousing & Outdoor use
- Transportation & Logistics
- Package Distribution
- Electronic Assembly
- Heavy-Duty Manufacturing

Features:

- QuadraLogic™ II decoding software for superior scanning performance
- Multi-interface modules provide ultimate flexible connectivity
- Positive trigger feedback for gloved hand operation
- Integrated metal tether hook
- Programmable scan angle, beeper tone, & volume
- Field upgradable Flash Memory
- Flexible mounting and storage accessories available

A Tough Tool For Your Toughest Jobs

PowerScan™: Setting a New Standard

The PowerScan family of handheld laser bar code scanners has been specifically designed "from the ground up" to meet the demands of industrial users. In this tough environment, the right tool makes all the difference. With a PSC PowerScan scanner on the job, you'll have one of the toughest, most reliable tools around.

You can rely on the PowerScan scanner for fast, accurate bar code reading, from up close to over 60" / 152 cm away. Even labels previously thought to be unreadable can now be read using PSC's superior decoding software, QuadraLogic™ II. The scanner will autodiscriminate all standard bar code symbologies and automatically adjusts to read a wide range of code densities.

Dependable In The Harshest Conditions

Even in the most harsh working environments, you can depend on the PowerScan scanner to keep on working. Designed to meet the most stringent drop specification in the industry, the scanner will withstand multiple 6.5' / 2 m drops to concrete. Even dust and moisture won't phase it. In fact, the PowerScan scanner has a rating of IP54, which means it meets or exceeds the sealing rating of every portable host terminal on the market. And don't worry about weather conditions – the PowerScan scanner operates over a wide temperature range, from below freezing to over 122° F / 50° C.

Built To Stand Up To Abuse

Handheld scanners often are dropped and abused, so this scanner has been designed with high impact-resistant material and incorporates protective rubber cushioning at every point of impact. The frictionless scan mechanism, with a limited life-time warranty, and all internal optical components, are shock mounted to maintain precise alignment under high shock loads. The scan window is made of shatter-proof material and is diamond coated to resist scratching. Even the replaceable interface cable is protected with an integrated metal strain relief.

Innovative Host Connectivity

The PowerScan scanner has a broad range of communication options using unique multi-interface modules, which allow for connection to most host computer systems. Our AutoSelect™ feature allows you to quickly move between different hosts and applications by simply changing cables. In addition PowerScan's low current draw, combined with its low power mode, make it ideal for use with battery operated terminals.

PRODUCT

Mechanical

Dimensions: 2.7 x 4.4 x 7.2" / 6.9 x 11.2 x 18.3 cm

Weight

Scanner: 9.9 ozs. / 280 g

Cable (32"/82.3 cm): 6.2 ozs. / 176 g

Cable length options

Collapsed: 32" / 81 cm,

Max. Working: 72" / 183 cm;

Collapsed: 80" / 203 cm,

Max. Working: 120" / 305 cm

(For other cable options, contact your

PSC sales representative.)

Optical

Light source: Extra Bright 650nm

Visible Laser Diode (VLD)

Scan system: Frictionless lifetime

flexure mechanism

Rate: 37 scans/sec. nominal

Depth-of-field: Refer to chart on this page

Print contrast ratio: 25% minimum

Pitch: ±65°

Skew: ±55°

Ambient light immunity

Artificial light: 1,200 foot candles / 12912 Lux

Sunlight: 8,000 foot candles / 86080 Lux

Electrical

Operating voltage: 4 VDC to 14 VDC

Operating current – nominal

Undecoded: 75mA @ 5 VDC

Decoded: 100mA @ 5 VDC

Idling current – low power mode:

<50µA @ 5 VDC

Environmental

Temperature rating

Operating: -22° to 122° F / -30° to 50° C

Storage: -40° to 158° F / -40° to 70° C

Humidity: 5 to 95% NC

Shock (at 23°C): withstands multiple 6.5' / 2 m drops to concrete

Vibration: meets MIL-STD-810E

Water & Dust: IEC529 rating IP54DW

About BarcodesInc

Who We Are

BarcodesInc is North America's leading provider of specialized digital data hardware and software solutions. Our products include barcode scanners, mobile computing devices, identification card equipment, point-of-sale systems, barcode label and receipt printers, and consumables, all of which help customers improve productivity and profitability. Our product and solution experts have been serving both small businesses and large enterprises since 1994.

We Owe Our Success To You

It's true that data tracking is our expertise - but customer satisfaction is our true passion. We have one overriding objective: focus on you, the customer. We understand that each customer's need is unique. That's why we listen carefully and tailor our solutions to meet your needs. We appreciate the opportunity to serve you and strive to exceed your expectations!

Why Choose BarcodesInc?

Dedicated Account Manager

Our Account Managers will not compromise when it comes to providing you top-notch service. Your Account Manager is the primary point of contact for your business and makes it a priority to get to know you, your company and all your needs.

Highly-Trained Technical Support

Our technical staff has the broadest knowledge and every significant certification in the industry. One of our friendly experts is always available to suggest products and solutions for any situation.

Incredible Value

Our purchasing power means big savings for you. Whatever your project, our team will work hard to deliver a solution that fits your budget.

Largest Inventory in the Industry and Same-Day Shipping

Whatever your barcoding, mobile computing, or printing needs, we will fill your order and ship it the same day.

Premier Access to Top Manufacturers

BarcodesInc maintains strong strategic partnerships with the leading manufacturers in barcoding, mobile computing, printing and RFID.

Responsive Customer Service

Every phone call and email is responded to promptly, completely and accurately by our customer service team.

Easy Returns

Damaged, defective or incorrectly ordered goods may be returned without hassle.
